The Heart Can't Stand Rheu-

matic Acid Poisoning.

To Free and Correct the Blood a Urin-O

Treatment is Advised.

There is great danger in those sharp,

shooting pains through the chest around

the region of the heart. It means that

poisonous uric acid and rheumatic acid are

ready to spring and grip tightly the

muscles controlling the heart's ac-

tion. Don't neglect these warnings, they

are the danger signals Nature flashes

to you for help. You must neutralize

and drive these dangerous poisons from

the system, or sooner or later they will

overcome you.

The only true way to cure Rheuma-

tism is to get at it from the inside with

Urin-O. It acts with marvelous swiftness

upon the muscles, kidneys and

blood. Clears out the sand-like deposits

in the muscles, forces the kidneys to

perform their duties for which they

were designed and neutralizes the acid

within the blood.

Your physician will admit that this

is the only true way to cure Rheuma-

tism permanently, and should know that

Urin-O is the one remedy that will do it

successfully and permanently. Urin-O

is a liquid taken internally, 3 times

daily and does not contain a drop of

alcohol, opium or other dangerous poi-

sons. It is good for Rheumatism in any

form. Sciatica, Muscular, Inflammatory

and Articular Rheumatism all yield read-

ily to Urin-O. The Red Cross Pharmacy

is the home of Urin-O in Barre and if

you call on them they can tell you of

many wonderful cures that Urin-O has

made right here in your own home town.

They sell it for 75c and \$1.00 the bot-

tle or you can obtain a trial bottle free

by writing to the makers of Urin-O, the

Smith Drug Co., Syracuse, N. Y.

It is reported that the painters of

Vermont are to ask \$2 for a

nine-hour day the coming season.

In a mix-up between constables and

a colt in Westmore recently the young

son of Fred Smith was badly kicked

in the head.

A herd of fourteen deer was seen

in William Dutton's pasture at Hart-

ford, not over eighty rods from the

house, last Tuesday.

The Holt house in Springfield has

the date 1802 to 1904 on the front of

the house, showing the age of the

structure.

F. M. Williams, who has been engaged

in the feed and grain business at Bel-

lows Falls since 1862, has sold the

business to Charles F. Wright and will

give possession April 1.

C. A. Calderwood, of St. Johnsbury,

who was struck by an express train

last week, is slowly recovering from

his injuries. It will probably be sev-

eral weeks yet before he is able to at-

tend to business at the store.

The reapportionment of last year's

board of liquor license commissioners

in Belows Falls is taken to mean that

its satisfactory administration will be

continued and that no licenses will be

granted for the sale of bottled goods.

The Rt. Rev. Bishop J. S. Michaud

has returned to the Episcopal residence

in Burlington after visiting Atlantic

City, N. J., for his health. The con-

dition of Bishop Michaud, who has

been in poor health since last fall is

now much improved.

Despite the fact that many of the

brook in Huntington county have

been frozen in to the bottom of the

past winter, the outlook for a good

trout season is one of the best, says a

veteran fisherman who has looked the

small streams over. The season will

open May 1.

At the recent village meeting held

in Wells River it was reported that

the village indebtedness had been re-

duced \$2,100 the past year. The meeting

was adjourned to May 7 to give a com-

mittee appointed to consider the matter of

a new village hall time to consider plans,

make cost estimates, and find a suitable

site.

Mrs. Edythe V. Ross, daughter of

Mr. and Mrs. E. V. Ross, of Rutland,

who has been studying for some years

at the Convent school, opera school,

New York, will leave that city soon for

a five weeks' trip with the Metropolitan

Grand Opera Co., the trip to include

Baltimore, Boston, Chicago, Minneapo-

lis, Omaha and other Western points.

There is one and one-half million

feet of sawed lumber in Charles

Lawrence's mill yard at Glover with

about one-half million feet more to be

drawn in. One pile of cedar logs is

fifty feet in height and is estimated

to contain fifty thousand feet. A small

portable mill will be put in to saw the

cedar.

The money to be realized from the

presentation of "The Children of Nor-

mandy" this evening, the second

week in April, will be devoted by the

Ladies' Aid of the Boston hospital

to the relief of the children of the

Mentepier under whose auspices the

opera will be presented, with money

now on hand, toward building a home

for nurses.

Arthur N. Bickford, who died Tues-

day morning, March 19, from the ef-

fects of a fractured skull suffered the

day before by falling from a cooling

tower at this place of business in

New Orleans was 37 years old, a native

of Huntington, and a son of C. S. Bick-

ford, of that town. He went to New

Orleans in 1902. He is survived by

his wife, formerly Miss Fannie Hickok,

of Morrisville, and one daughter,

Marjorie.

Buel D. Crane, news of whose death

has just been received in Burlington

was formerly a resident of that city

but who for the past twenty years

had been a prosperous business man

in Chicago. He was born in Huntington

46 years ago and as the youngest son

of Mr. and Mrs. A. J. Crane. Going to

Burlington when a boy he entered the

business with his father and together

they ran the old American house. Later

Mr. Crane entered the post office service.

The Grand Tour.

The "Grand Tour" is it used to be

called, was a trip across the Atlantic

and through Europe. Did you ever stop

to think that practical science enables

you to see very much of Europe and

even more distant lands for a mere trifle,

and never leave home? It's a fact. You

can do it and it won't cost you as much

as a dollar. Lyman H. Howe's morning

pictures in the home-home on Saturday

afternoon and evening are the true com-

pendent of such a tour with every com-

fort and safety and at infinitesimal ex-

pense. You will see the sights and scenes

the tourist sees ordinarily and many that

are so far off the beaten track that even

the globe trotter does not see them.

Like Puck in Shakespeare's "Midsummer

Night's Dream," you really "Put a girl

around the earth in two hours" when you

see Lyman H. Howe's Lifeorama.

Worked Like a Charm.
